*Where students can RYZE to the challenge*

Create a school trip of energetic classmate bonding any time of the school year or for sports team get-togethers. Our Adventure Tower challenges are ideal for **bonding, self-discovery, and mutual support learning**. Your students get to **choose their level of challenge** and switch it up when they want.

## ***Highly Recommend***

"Brought a group of 70 teens for an event at Ryze. The staff were on top of EVERYTHING. Getting everyone checked in and out on the tower was quick and seamless. Highly recommend for any groups looking for a fun activity!"

Ben P.

## ***It's an Amazing Place***

"I am a teacher and have taken more than 400 sixth, seventh, and eighth grade students to RYZE over the past 15 months. The customer service from Greg, Tony, and their staff is absolutely outstanding! Each of our outings we take between 45 and 65 students and they have absolutely no trouble accommodating us. Our kids love climbing on the tower, the mini golf, and even the food. We will continue to take our students to RYZE for many years to come! It's an amazing place"

Mark B.

## ***They Had a Blast***

"I took a group of about 48 high schoolers over to Ryze and they had a blast. They loved that there were 4 levels of fun and challenging courses. After climbing around they had the opportunity to play yard games and put put. They also loved the area of tables in the shade to sip on some slushies and have snacks.
