Excellent Experience

"We attended a group event here and it was amazing! The staff was courteous, helpful, and very safe. Good at explaining the whole process. Max was particularly patient and welcoming for us newcomers! Excellent experience. I have never seen a ropes course like this. Such a variety of obstacles and truly an hours-long experience!"

Rebecca D.

Something For Everyone

"We were able to rent the whole place for our company employee appreciation party and it was awesome!!! There were approximately 150 of us and something to do for everyone!! If you're afraid of heights, no problem at all, they had plenty of yard games and a beautiful mini golf for those folks! Those adrenaline junkies had all of the levels of adventure in the massive climbing tower to choose from and staff support all the way through! What a great experience all around!!"

Sheila C.

The Staff Was Fantastic

"We just had our company picnic at RYZE and it was a great experience. The staff was fantastic and the property was very clean and so much fun. We had a wide age range and everyone had a great time."

A DAY OF OUTDOOR FUN AND TEAM BONDING

A RYZE experience can go well beyond the opportunity to relax, have fun and enjoy each other's company. With a bit of planning, the opportunity to learn about yourself and your coworkers can be built into the experience. To make the most of the day, consider having your team members answer the following questions and plan for some discussion time to bring the learning into focus.

QUESTIONS TO ASK:

Before the Visit

- 1 What was your first reaction when you learned about the trip to RYZE Adventure Park?
- 2 Have you participated in adventurous activities in the past, and if so, what were they?
- 3 How have your past adventurous activities impacted who you are now? Cite examples?
- 4 Do you like to take risks and challenge yourself, or do you prefer to stick with what you know?
- 5 Have you ever challenged yourself in front of your peers and if so, how did that feel?
- 6 Do you plan to try the ziplines and free-fall elements?
- 7 What are you most looking forward to about this trip?
- 8 What are your fears or concerns and why?

After the Visit

- 1 When you arrived, what were your first impressions of the park and aerial tower?
- 2 What did you learn most about yourself after this experience? Use details from the trip to support your response.
- 3 At what point did you notice your attitude change?
- 4 What is something you learned about others in your group?
- 5 What did you learn in general about those in your group?
- 6 Tell us specifically about one of your peers that impressed you the most and why?
- 7 Describe your thoughts and feelings on your first element? How did they change as the day went on?
- 8 Did you successfully accomplish both the ziplines and free-fall elements? What if any challenges did these create for you personally?
